FYSH Specs for Gals Hooked on Life

Bold and stylish in nature, the latest FYSH glasses are perfect for daring babes with a pulse on the top fashion trends! With multi-colored tortoiseshell patterns along their browlines and temples, these modern squared cat-eye silhouettes are given a seriously dramatic look. To boot, a palette of jet black, vibrant fuchsia, soft peach and neutral beige hues bring eye-catching fervor to these feminine specs. Love what you see?
