METALLIC MENTALITY

20/20 INSIGHT: When constructing eyewear, it's all about the materials. If you're looking for a sturdy and durable yet comfortable pair of frames, look no further than metal. Long gone are the limitations of simple black and gray frames with new lightweight and colored metals taking center stage. —Victoria Garcia

ZYLOWARE: Sophia Loren M276

This semi-rimless metal frame features feminine floral cutouts and crystal decor accents on the temples with a raised shiny finish for a touch of elegance and style.

Size: 53/18 (135) **Pricing:** \$\$
