Colors and patterns inspired summer give a unique look and feel to the latest FYSH UK releases from [WestGroupe](#). Style F-3608 offers a renewed, modern approach to the classic square shape with a drop bridge and a two-tone acetate. Showing off a unique angled metal end cap, inspired by a retro look, this frame is offered in nude crystal, grey crystal, brown forest and wine cobalt. The semi rimless style F-3609 features a contemporary laser cut coral reef pattern along the front and spreading to the end pieces and the temples. The two-tone sponge effect adds depth to this style, featuring a darker color palette of burgundy eggplant, brown gold, blueberry black and black grey. Style F-3610 features an intricate baroque laser cut pattern on the bottom front and the temples. A shiny laquer in contrasting color highlights the browline of this frame that comes in a larger fit. It is available in black crimson, black gold, purple black and brown.
