Colors, patterns and finishes inspired by the summer season give a unique look and feel to the latest FYSH UK releases. Whether it's translucent material or nature-inspired patterns, every style features innovative and fresh design elements. Perfect eyewear for today's confident, on-the-go woman.

F-3608

Style **F-3608** offers a fresh, modern approach to the classic square shape with a drop bridge and a two-tone acetate. Showcasing a unique angled metal end cap, inspired by a retro look, this frame is featured in the new campaign and offered in nude crystal, grey crystal, brown forest and wine cobalt.

F-3609

Semi rimless style **F-3609** features a subtle and contemporary laser cut coral reef pattern along the front to the end pieces and the temples. The two-tone sponge effect adds depth, featuring a color palette of burgundy eggplant, brown gold, blueberry black and black grey that is perfect for the summertime.

F-3610

Feminine and flattering thanks to its soft modified cat eye shape, style **F-3610** exhibits an intricate baroque laser cut pattern on the bottom front and the temples. A shiny laquer in contrasting color highlights the browline of this frame that comes in a larger fit and is available in black crimson, black gold, purple black and brown.
