

NEW PRODUCTS

READY FOR RED

20/20 INSIGHT: It's time to take a break from the customary black, brown and tortoise frames and say hello to a brighter option. No matter the shade, red is bound to make a statement when it comes to eyewear. Whether it's burgundy, scarlet or fire engine red, this hue will take a frame to new and colorful heights. –Victoria Garcia

FYSH 3614 WestGroup

Inspired by art and fashion, this optical style features colorblocking on the frame front and temples with a laser cut groove along the frame's perimeter.

Pricing: \$555
